YOUR PLAN, YOUR COMMUNITY

YOUR STORY

This year's theme is *Your Plan, Your Community, Your Story*. We will focus on how storytelling shapes planning practice and how stories are a tool for making public decisions. Our program will feature stories highlighting four foundational themes of good planning:

- Consideration of long-range consequences
- Hearing the voice of those who are often silent
- Caring for the natural world
- Caring for community heritage and the built environment

Friday morning will be a hands-on training session where you can learn how to be a better storyteller and how to make storytelling a part of your toolbox.

**Sessions qualify for
AICP CM Credits.**
