*Do your work teams have difficulties sustaining a plan once they've created it?*  
*Do you have difficulty helping work teams stay on track, incorporate new members, and recognize milestones?*

ToP Secrets of Implementation illuminates the mysteries around planning. Learn ways to keep plans and projects inspiring and achievable. This course features powerful opportunities for peer mentoring.

- Navigate the Implementation Journey:**
- Initiate dynamic plans
  - Anticipate and understand highs and lows
  - Sustain momentum
  - Review and recalibrate with ease
  - Bring closure that celebrates the team's work

**Who Should Take This Course?** Consultants, facilitators, organizational change agents, social change agents, community workers, planners, project managers. Please bring some of your own implementation problems to work on.

*"As facilitators, the measure of our effectiveness might initially be the robust, well-targeted strategic plans we help clients create; however, the real impact of our work is the actual progress achieved. **Secrets of Implementation** provides a whole toolbox for the many different stages and scenarios encountered after a plan is completed and combines both the art and science of powerful facilitation to effectively bring about change."*

*--Una McAlinden, Consultant*
